16" x 20" Photo printed on the metal of a Nest of Snowy Egret with Chicks (Egretta thula). Photographed on June 6, 2023, at Shoreline Park in Mountain View, CA, by Jim Lamb.

During the breeding season, adult Snowy Egrets develop long, wispy feathers on their backs, necks, and heads. They have greenish-yellow feet for most of the year, but at the height of the breeding season, their feet take on a much richer, orange-yellow hue.
